

18 February 1969

To: Contracting Officer

Subject: Quarterly Property Report

NRO DECLASSIFICATION/RELEASE INSTRUCTIONS ON FILE

This report is intended primarily to present to you a proposed format of the "informal quarterly property report" we have been requested to submit for all Headquarters programs/contracts. Subject to your concurrence, the next issue of this report will be prepared in early April covering the activities of the first quarter of Calendar Year 1969.

I. Industrial Plant Equipment (IPE)

- a. GSA appraisal activities in connection with the Lockheed offer to purchase Government facilities (which includes the Bldg. 199 Facility and IPE at ADP) are now completed. We understand that GSA is reviewing the data preparatory to opening negotiations with the company which are expected to commence in March.
- b. IPE charged to ADP but assigned to the [REDACTED] and to [REDACTED] have not yet been transferred from ADP accountability.

25X1A 25X1A

II. Flight Test Equipment (TEMO)

NRO a. Approximately 2,500 line items are included in the TEMO inventory. Approximately 235 items have been turned in to the [REDACTED] since last October.

25X1A

25X1A III. [REDACTED]

25X1A

NRO

- a. A listing of items at [REDACTED] which are considered to be peculiar to [REDACTED] have been supplied to the [REDACTED]

25X1A

IV. Oxcart

25X1A

NRO

We are proceeding with phase out activities. More than 400 boxes of tooling have been recalled from the [REDACTED] for review and disposition. Approximately 4,700 tools have been scrapped at ADP and 400 items (26 Boxes) have been reprocessed and prepared for shipment to the [REDACTED] for storage in the 5-90 support package. Approximately 9,300 part numbers peculiar to the A-12 vehicle are in process of inventory and preparation for packaging for the 5-90 storage package.

25X1A

NRO

25X1A

V. Earning

We are proceeding with the inventory and preparation of a tabulated listing of all SR-71 tools (including those common to A-12 and YF-12A).

Subject: Quarterly Property Report

VI. Tagboard

NRO We are continuing to identify and account for and/or dispose of contractor acquired property under Contract
25X1A [REDACTED] A major example is the disposition of the D-21 static test article which was scrapped and the residue shipped to [REDACTED] for burial during February 1969. 25X1A

VII. Idealist

U-2R tooling is temporarily stored in Bldg. 351 at ADP. we are continuing to scrap tooling related to the U-2C and earlier models that is not required for current support.

VIII. General

a. On 10 October 1968 we submitted a proposal for handling of costs for tooling and other Government property disposition activity (ref: letter to [REDACTED] dated 10 October 1968).
25X1A On 21 October 1968 we were informed orally by [REDACTED] 25X1A [REDACTED] that Headquarters agrees in principle with this proposal and we were approved to proceed. A question existed with respect to our proposed handling of scrap material credits which has subsequently been resolved. We would appreciate receiving a copy of our letter signed by the Contracting Officer signifying concurrence with our proposal. (Received 10/18/68).

b. ADP still owes to Headquarters the submittal of the detailed property disposition plans outlined in the Memorandum of Understanding executed on 7 October 1968.

Remarks: During staff mtg of last week, you indicated status of U-2 tooling. Attached is recent quarterly report received by the Contracting Officer, [REDACTED] which reflects info rec. from the contractor covering current status of GFE for all contracts administered by OSA. All actions pertaining to GFE are coordinated by the Contracting Officer with other interested components before final disposition of GFE is made. [REDACTED] maintains charts covering GFE which are updated periodically. If more info. is desired, I will be glad to arrange periodic GFE briefings for you.
